Operating Instructions Please Leave for Occupant

GRX-IT Wireless Remote Control

Description

The Lutron Wireless Remote Control provides remote dimming or switching from the palm of your hand. An infrared transmitter in the remote control transmits signals to the infrared receiver unit. A signal can be transmitted up to a range of 50 feet line of sight, to all infrared receiver units, except with PerSONNA™ which has a range of 8 feet.

Preparation

The Lutron Wireless Remote Control uses 3 AAA batteries (see diagram). Use only alkaline batteries.

To install batteries:

1. Remove the battery cover.
2. Insert batteries as shown.
3. Replace the battery cover.

Operation

Point the front of the remote control (the end with the window) at the receiver unit, then press the desired button. For button functions, refer to instructions supplied with the receiver unit.

Troubleshooting

Problem	Causes	Remedies
Wireless remote control has no effect on receiver unit	Receiver unit power is off	Restore power
	Dead, low, or no batteries in remote control	Install new batteries in remote control
	Remote control is too far away from receiver unit	Move to within 50 feet (8 feet for PerSONNA) of receiver unit
	Remote control is too far to the side of receiver unit	Move toward the front of receiver unit
	Batteries inserted incorrectly	Install batteries per diagram
	Same function selected twice	Select another function

Notes:

- If using a GRAFIK Eye 3000 or 4000 with an NTGRX-4Q Special Functions Control, make sure that ALL functions are OFF while troubleshooting.
- If using a PerSONNA and you need to adjust the minimum or maximum light levels, contact the **Lutron Technical Assistance Hotline**.

Warranty

Lutron will, at its option, repair or replace any unit that is defective in materials or manufacture within one year after purchase. For warranty service, return unit to place of purchase or mail to LUTRON at 7200 Suter Road, Coopersburg, PA 18036-1299, postage prepaid.

This warranty is in lieu of all other warranties, express or implied, and the implied warranty of merchantability is limited to one year from purchase. This warranty does not cover the cost of installation, removal, or reinstallation, or damage resulting from misuse, abuse, or damage resulting from improper wiring or installation.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty may last, so the above limitations may not apply to you.

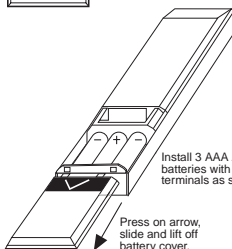

For use with the following Lutron products:

GRAFIK Eye 3000/4000 lighting controller

GRAFIK 6000™ lighting control system

HOMEWORKS™ central lighting control

PerSONNA™ fluorescent lighting control

Install 3 AAA Alkaline batteries with terminals as shown.

Press on arrow, slide and lift off battery cover.
