# Save Time and Money

Wireless solution – Use the Pico paddle remote to add a second location almost anywhere

Do you want to give your customers a second switch where one doesn't exist? Use a wireless solution and skip cutting the wall and pulling wires! Wireless is a simple and easy way to add a switch in a stairway, hallway, or wherever your customer needs one.

Mount a Pico paddle remote for wireless 3-way control in just 3 steps:

Replace existing switch with the wired smart dimmer.

Connect the wireless Pico paddle remote to the wired smart dimmer.

Pico remote sold separately.

Mount the Pico paddle remote and wallplate to the wall—it will look and work just like a dimmer.
