

RadioRA3

 LUTRON

Radio **R43**

Every Day Transformed

Welcome comfort, convenience, and elegant design into your home. The RadioRA 3 system connects lighting, lighting control, intelligent window treatments, and your broader smart home technology to dramatically simplify day-to-day life and elevate shared moments with family and friends.

RadioRA 3 keypads, remotes, and in-line dimmers and switches make room and whole-home control effortless. You can personalise each keypad button with text or icons so custom-programmed commands are fingertip-accessible. Plus, authentic materials, hand-crafted finishes, and timeless design mean that controls not only match your decor—they enhance it.

And since RA3 is cloud connected and smart, you can also take command of the system via voice assistant, schedules, sensors, and the Lutron app, allowing your home to synchronise automatically with the rhythms of your life.

WELCOME HOME

Light the Way

Always return to a well-lit home. Illuminate entryways on a schedule or synchronise the system with the rising and setting of the sun to ensure pathways are well-lit in the twilight hours of dusk and dawn.

WELCOME HOME

Set the Scene

Scenes match the moment with a mood. Clear, energizing light to start the day. Glare-free focus for afternoon meetings. Tuned-down ambience for evening dinner. All at the push of a button.

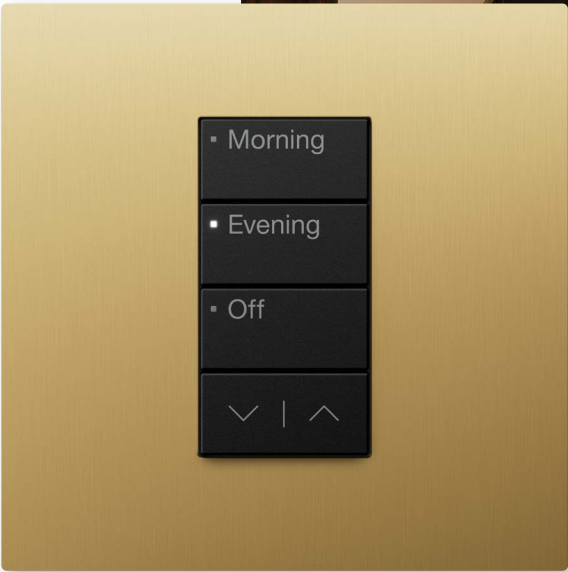

Light & Music in Concert

Connecting your sound system to RadioRA 3 is the easiest way to fill any moment with music. And with scenes, you can match the feel of light and the mood of the music with a single command.

Entertaining

RadioRA 3 simplifies hosting to let you and your guests focus on your time together. Effortlessly transition from music-filled cocktail hour to spirited dinner conversation to post-meal lounging, all with scene control from a keypad or the Lutron app.

PLEASURE & COMFORT

Movie Magic

Remake any room into an immersive home cinema. Cue up the film, dim the lights, and drop the blackout blinds, all with an intuitive voice command. “Hey Alexa, Siri® ... It’s movie time.”

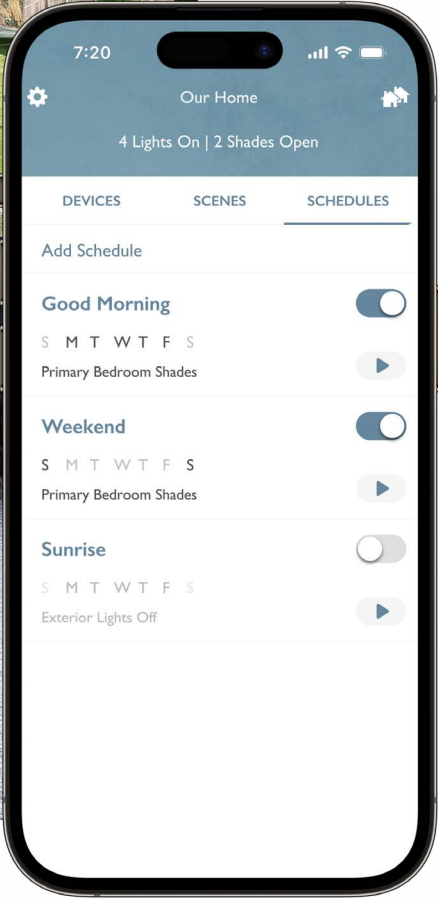

PLEASURE & COMFORT

Put the Sun On a Schedule

Wake up each morning with the gentle warmth of the sun. Schedule blinds to rise in near-perfect unison—without making more than a whisper—for a natural, sunlit start to the day.

Tabletop remotes put control at your fingertips, so you can set the scene without getting out of bed.

PLEASURE & COMFORT

Home Spa Day

Find your escape without leaving home. Capture the calming ambience of a day at the spa with a scene designed to help you slip into a more serene state of mind.

OUTDOOR

CONVENIENCE

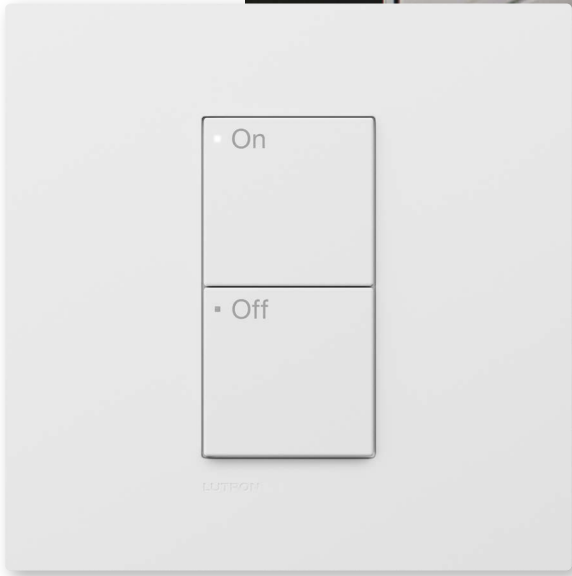

Lights, Camera, Meeting

Elevate your work day. Get camera-ready instantly with a customised desktop remote or the Lutron app. Reduce eye fatigue, eliminate reflective glare, and personalise your presentation lighting so your colleagues see you in the best light.

Come and Go With Ease

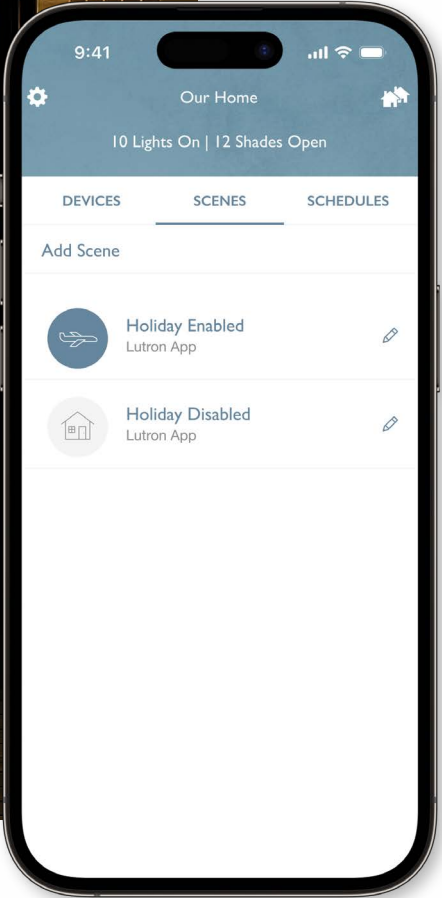

Whether departing in the morning or returning from a day of school and work, an entry keypad simplifies daily routines. Lower the blinds, switch off the lights, and turn down the thermostat with a quick button press.

Peace of Mind

Create the illusion you're home, even when you're miles away. "Holiday Mode" adjusts blinds and lights in a randomised cycle created automatically by the RA3 system to mimic your day-to-day habits.

Controls

Elegant, intuitive, one-button control of rooms and whole homes. Transform spaces and create immersive experiences with beautiful, custom controls.

Lutron keypads and remotes declutter the wall and improve controllability. Replace a row of dimmers and switches with a single, intelligent control.

DESIGN & DÉCOR

Timelessly Modern

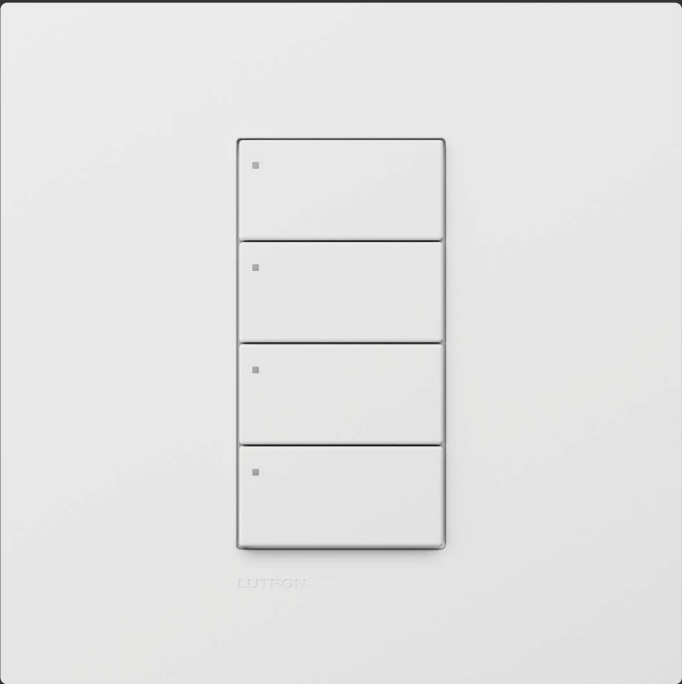

Inspired by materials chosen by sculptors and craftspeople for centuries, Vierti keypads join old-world refinement with modern design and cutting-edge, ergonomic functionality. Elegant, intuitive, and a pleasure to use.

Keypads

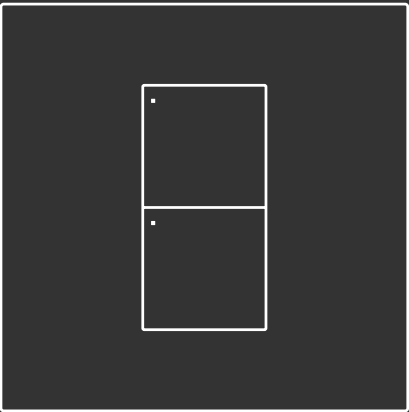

Keypads offer custom push-button scene control for connected lights, blinds, and other smart home devices.

Button Configurations

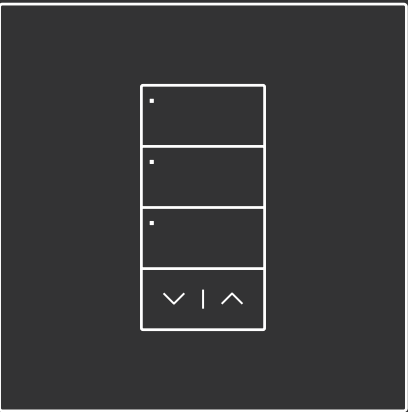

Choose from several button configurations to ensure that each control is as simple as necessary but not more so.

Hub & Accessories

Expand or upgrade your RadioRA 3 system with connected controls, remotes, and integrated accessories. Wire-free technology simplifies installation and provides the groundwork for seamless system expansion over time.

Conduct a symphony of light with connected controls, remotes, and integrated accessories that simplify total light control. Vacancy/occupancy sensors conserve energy, while in-line load controls and lamp dimmers reliably dim or switch LEDs and can be added at any time.

Lighting

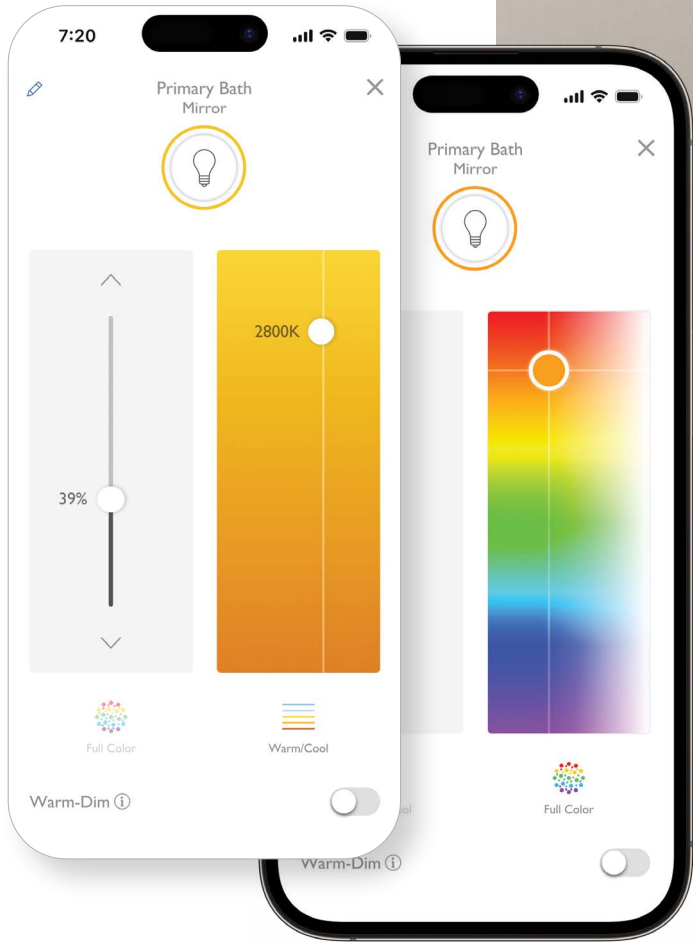

Discover the advantages of native, tunable lighting and redefine expectations for what light in the home should be. Lutron's intelligent lighting delivers a level of control and customisation never before possible.

A broad range of precisely tunable colour temperature and intensity allows you to create light that feels like a natural, seamless extension of each moment.

Lumaris RGB + Tunable White

Lumaris RGB + tunable white tape light delivers dramatic accents and enticing pops of colour to your home. Bring a spectrum of vivid colour or dynamic white light to stairs, curved mirror edges, and the underside of cabinets for highlights that draw out a room's architectural details and amplify the impact of lighting design.

Window Treatments

Comfort, convenience, and connection to the outdoors. Discover daylight control that sets each moment in motion.

Weave the beauty and ease of intuitive natural light control into the home with Lutron automated blinds and curtains. Cut glare and heat gain to reduce visual strain and save energy. Filter UV to protect furniture and finishes. Add privacy without sacrificing views.

Leverage Lutron's location-aware systems to automatically lift and lower blinds in response to the sun's changing position in the sky.

With a curated selection of decorative textiles and handcrafted design elements, such as brackets and hembars, Lutron window treatments are as elegant as they are functional.

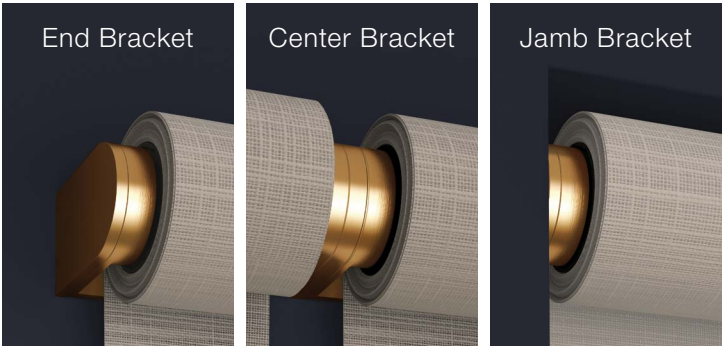

Palladiom Wire-Free Roller Blinds

Uncompromising technology and material craft in a wire-free roller. Each aspect of Palladiom is designed to be celebrated—not hidden. A curved hembar design mirrors the fabric roll, allowing the bar to disappear when the blind is open. Choose from a broad selection of light-filtering, privacy, and blackout fabrics to sculpt sunlight with innovative precision.

Meet the needs of your home—Palladiom wire-free blinds can be installed at any point, from new construction to retrofits. With breakthrough battery-management architecture, Palladiom achieves a three-to-five-year, industry-leading battery life.

BRACKET OPTIONS

DESIGN & DÉCOR

Roller Blinds

A versatile and automated window treatment that combines superior light control with whisper-quiet operation. Select from a wide variety of sheer, translucent, and blackout fabrics to meet the functional and aesthetic needs of your space.

DESIGN & DÉCOR

Wood Blinds

Triathlon wood blinds combine the warmth of North American basswood with the convenience of smart home technology. RadioRA 3's location-aware technology responds to the sun's precise position in the sky by adjusting the tilt of the blinds, optimising interior light to make each moment automatically cool, comfortable, and connected to our natural surroundings.

Morgan

DESIGN & DÉCOR

Horizontal Sheer Blinds

By pairing the elegance of sheer fabric with the precise control of a blind, horizontal sheer blinds harmonise visual beauty with industry-leading technology. The result is a remarkably soft diffusion of sunlight that balances privacy while preserving views.

Sheer layers combined with fabric vanes provide the perfect blend of filtered sunlight, and offer privacy even when vanes are open.

DESIGN & DÉCOR

Curtains

Transform interiors through the drama of custom curtains. Choose your own textiles to match your style, then have the curtains set on Lutron tracks for comfort, privacy, and automated control. Smooth, quiet, and technically exacting—Lutron’s curtain tracks are tailor-made by experts who pay attention to every detail. And with our recessed track system, you can achieve a flawlessly smooth ceiling with curtains that seem to float through midair.

RECESSED TRACK SYSTEM

The recessed system for Lutron curtains is mudded in, seamlessly integrating with the ceiling for a crisp, minimalist finish.

DESIGN & DÉCOR

Tensioned and Cable-Guided Blinds

Control daylight through skylights and angled windows, reducing glare, saving energy, and minimising heat gain. Tensioned and cable-guided blinds are whisper-quiet and precision-aligned for the widest range of architectural challenges.

CUSTOM APPLICATIONS

Custom Cable-Guided

Bottom-up Tensioned Blind

Start Simple, Expand Over Time

Built on Lutron’s proprietary Clear Connect RF technology, RadioRA 3 system components communicate wirelessly—independently of Wi-Fi—allowing homeowners to start in one room and design the system over time. Begin by connecting a key space like a kitchen or living room, then add more rooms to the system—without adding new wiring.

THE LUTRON DIFFERENCE

Most Connected

Integration with leading smart home brands has never been more responsive, reliable, or secure. Lutron whole-home systems work with more connected smart home devices than any other dedicated lighting control brand.

THE LUTRON DIFFERENCE

Precision, Trust, Heritage

We obsess about the details, so you don't have to. For more than 60 years, the same core beliefs have guided Lutron—that design fueled by innovation and the transformative nature of light has the power to enrich people's lives. That's why we're singularly focused on bringing breakthrough, built-to-last products to the home. And it's why we're the trusted partner of many of the top architectural, design, and technology professionals across the globe.

Lutron is the first choice of lighting professionals.

Ultra-fast, ultra-reliable, wireless network that doesn't rely on Wi-Fi, so lights and blinds just work.

Advanced technology for superior dimming of LED and other popular bulb types.

Need help? Call us at +44 (0) 207 702 0657. We're here for you 24/7, 365 days a year.
