

Luxury Portfolio

Luxury Portfolio

For more than 60 years, the same core belief has guided Lutron — that innovative design and the transformative nature of light have the power to enrich people's lives. The Lutron luxury portfolio is the purest expression of that belief.

The Experience

Next-generation lighting. Hand-crafted controls.
Reinvent how light in the home should feel.

Product: HomeWorks with Alisse Keypads | Residence: East Hampton, New York

Captivating Beauty

Reflect your style with experiences as unique as you are. Personalise lighting, blinds, and controls to complement the home and the life you live in it.

Product: Palladiom Blinds and Keypads | Residence: Midtown Manhattan, New York

Bespoke Experiences

Designed with life in mind. Stay connected to your home with controls that feel natural, responsive, and simple to use.

Product: Palladiom Blinds and Lutron App | Residence: Sag Harbor, New York

Intuitive Interactions

The Elements

Seamless, precise, and hand-crafted: This is your home tailored and connected to form a system that's far more powerful than the sum of its parts.

Blinds 14

Controls 22

Integration 30

Like a dimmer for the sun. Lutron automated blinds are an integral part of the light control system, weaving whisper-quiet privacy, protection, and the choice between hundreds of premium textiles into the Lutron luxury portfolio.

Blinds

Tailored Precision

Intelligent Hembar Alignment

When in motion, Lutron blinds monitor their hembar alignment over a hundred times a second to ensure blinds raise and lower in calm unison.

Product: Palladiom Blinds | Clear Anodized

Whisper Quiet

Lutron designs each drive and curates each textile to be as quiet as possible, measuring the blind movement down to a fraction of a decibel to ensure it's as quiet as a whisper.

Product: Palladiom Blinds | Satin Nickel

Beautiful Privacy

Cut glare and personalise privacy. Choose from hundreds of woven textiles designed to help you strike a balance between connection to the world and sanctuary from it.

Welcome to the Art of the Shade

Authentic materials. Hand-finished detailing. Breakthrough engineering. With the quiet, automated blind, Lutron established an entirely new category, combining groundbreaking technology, such as Intelligent Hembar Alignment, with refined style in a way only Lutron could.

Roller Blinds

Hembars

Architectural, Designer, Sealed, and Palladiom Hembars

Fabrics & Patterns

Lutron collaborates with world-leading textile manufacturers to bring a breadth of uncompromising beauty and performance to its line of automated blinds.

Atelier Collection

Classico Collection

Gallery Collection

Explore Fabrics

Crafted with authentic materials that bear the marks of artisanship. Each design decision is made not from the inside out to achieve a technical purpose, but from the outside in to ensure each control is beautiful, intuitive, and a pleasure to use.

Controls

Time-Honoured Craftsmanship

Personal by Design

Custom button engraving makes instant home control second nature, not just for you but also for your guests.

Product: Alisse Keypad | Champagne

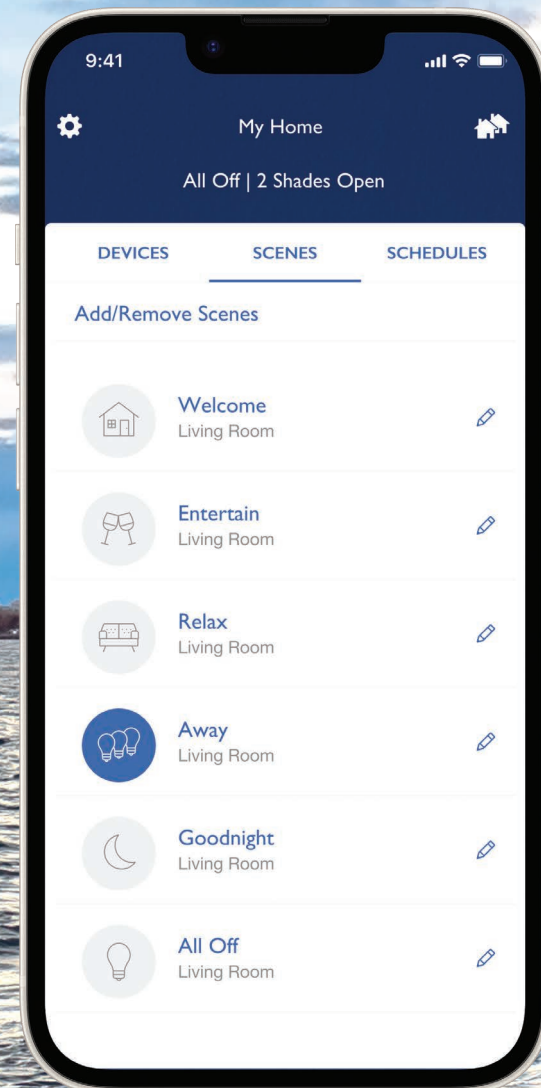

Simple by Design

Keypads make room and whole-home control effortless. Each button is custom engraved and programmed, so common commands are fingertip accessible throughout your home.

Product: Alisse Keypad | Graphite

Control From Anywhere

Immediate access to personalised light, blind, and climate control, whether you're lounging in the living room or sipping sunset cocktails in the harbor. The Lutron App puts whole-home control in the palm of your hand.

Experience the Craft of Lutron Control

Aesthetics. Cognition. Ergonomics. These principles guide the Lutron design process, ensuring each custom-engraved keypad strikes a balance between architectural elegance and intuitive simplicity.

Integration

Advanced Connection

Security, climate control, A/V, home automation, voice — tying these components to the portfolio is what makes a smart, luxury home truly intelligent. And with Lutron's latest technologies, these third-party integrations have never been more responsive, reliable, or secure.

Home Theater

Remake any room into an immersive home cinema. Queue up a film, tune the room's lighting, and close the drapery with the push of a button.

Security

"Vacation Mode" adds to the home security system by dimming lights and adjusting blinds in a sequence automatically created to mimic your day-to-day habits.

Voice Control

The most natural way to control the home. Voice allows anyone in the room to control lights, blinds, climate, and any other connected device.

Product: Echo Studio

Climate Control

Craft your comfort. Control heating, cooling, and fans via Lutron thermostats, keypads, timeclocks, and the Lutron App.

Product: Palladiom Climate Control and Keypad

Enjoy the Luxury of Seamless Integration

Unlock the full potential of the intelligent home. The Lutron luxury portfolio serves as the ultimate smarthome foundation. A/V, security, climate, voice assistants — nearly anything you can imagine. Your Lutron custom integrator will seamlessly connect each part of the portfolio to be responsive, reliable, and secure.

The Lutron Difference

Design-driven. People-centred. For over six decades, Lutron has been redefining the role light plays in our lives.

Heritage

Since the beginning, Lutron's in-house design and engineering have been rooted in the same core principles. The consistency of our designs reflects the consistency of those principles. Aesthetics, Cognition, Ergonomics.

Quality

With thousands of patents to build on, the latest generation of the Lutron luxury portfolio brings together best-in-class dimming technology, automated blinds, and next-generation lighting fixtures to set a new standard for whole-home control.

Service

Quality and reliability are what we make. That's why each component comes with an extensive warranty and the backing of industry-best 24/7 technical support.

Experience Centres

Immerse yourself in the ultimate whole-home control experience. Lutron lighting experts demonstrate the benefits of integrated lighting, blinds, and control in a setting designed to inspire. Schedule a consultation at a Lutron Experience Centre today.

Experience Centres

London

Lutron's European home for the design community and its customers. State-of-the-art demonstrations are designed to educate and inspire, showcasing Europe's latest connected lighting and shading solutions.

Phone: +44 (0) 207.702.0657
Email: euroexperience@lutron.com

NYC NoMad

Located in the heart of New York's NoMad design district. The Global Experience Centre is the premier Lutron destination for meetings, industry events, and inspiring demonstrations.

Phone: +1 929.476.0230
Email: nyexperience@lutron.com

NYC D&D

New York's home for residential architecture and design professionals, located in the D&D building. Experience the latest in smart home control and gather materials and fabrics from an exhaustive sample library.

Phone: +1 212.752.1214
Email: nyshowroom@lutron.com

Austin

Designed by local architects for local design professionals. The Collaboration Studio at Ketra Headquarters inspires dialogue between the design community and its clients with demonstrations of Lutron's next-gen lighting and control systems.

Email: studio@ketra.com

Washington D.C.

A LEED Gold certified hub for residential and commercial energy management technology. Now reimagined to exhibit Lutron's breakthrough portfolio of tunable, full-spectrum architectural lighting.

Phone: +1 202.624.5700
Email: dcexperience@lutron.com

Coopersburg, PA

Lutron's headquarters for hands-on systems training. Learn about Lutron's history of innovation and preview the future of electric light with a visit to the Experience Centre and Ketra Studio in Coopersburg, PA.

Phone: +1 610.282.6280
Email: paexperience@lutron.com

Florida

The original Lutron centre for the connected lighting and blind control experience, and a weather-perfect location for hosting team, hands-on trainings. Just a 15-minute drive from the Fort Lauderdale/Hollywood airport in Plantation, FL.

Phone: +1 954.577.6294
Email: flexperience@lutron.com

Los Angeles

A collaborative space inspired by the creative community it was designed to support. The Lutron LA Design Studio is a white canvas for experimentation with art, material, and light.

Phone: +1 213.224.3660
Email: laexperience@lutron.com

Toronto

A LEED Gold certified centre for trainings and commercial project meetings. Experience scalable wired and wireless solutions for both lighting and blind control systems — easily accessible from Greater Toronto's transportation hubs and major highways.

Phone: +1 905.754.3300
Email: torexperience@lutron.com

Irvine

The west coast hub for hands-on Lutron learning, and a backstage pass to the next generation of lighting and control systems. Minutes from the John Wayne airport, in Orange County, CA.

Phone: +1 949.474.4140
