

available for iPad® and iPhone®

## Lutron® Energi Advisor™ app

All-in-one tool for lighting energy audits and proposal creation.  
Proposals feature Lutron wireless light controls.

- **Basic project information**—with just basic information (such as number of fixtures and controls; space dimensions) the new Energi Advisor app performs a lighting audit, and produces project proposals, bills of material and projected Return on Investment
- **More information = more detailed proposals**—The Energi Advisor app allows users to include information on energy prices and available rebates to provide a more detailed project proposal
- **Save time, save money**—audit and proposal process can be completed in a single site visit
- **Always up-to-date**—Paper tools can quickly become out-of-date; the Energi Advisor app updates automatically, ensuring the user has the most current product information available.

# Energi Advisor app

Easily conduct a lighting energy audit and generate a retrofit proposal. App featuring Lutron's Energi TriPak and other retrofit solutions.

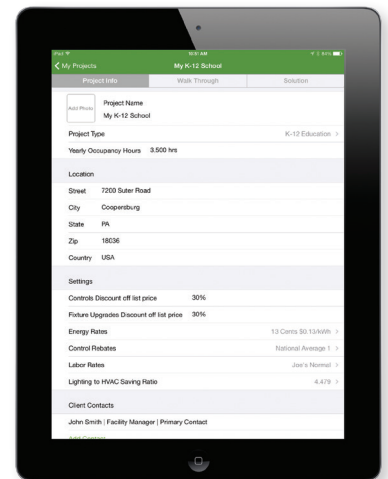

## Three simple steps to success.

### 1. Configure

#### Customize your proposal with:

- Product pricing
- Labor rates
- Utility rates
- Local rebates and incentives
- Client contact information

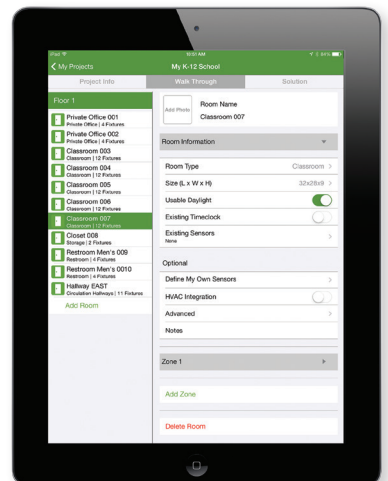

### 2. Audit

#### Follow the step-by-step guide to provide essential project information:

- Room type and dimensions
- Presence of usable daylight and existing controls
- Types and quantities of existing fixtures
- Add optional information like HVAC integration, room operating hours, average foot candle reading, and more
- Include notes to capture additional details

# Always available and up-to-date

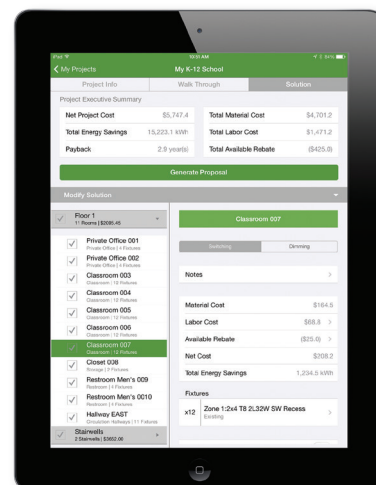

The Energi Advisor app is automatically updated ensuring that the retrofit solution created uses the latest Lutron product information and energy calculations, ensuring more accurate proposals.

## 3. Refine

### After reviewing the project summary, you can:

- Modify the solution to customize your proposal (optional)
  - select rooms to be part of your proposal
  - upgrade fixtures with your custom fixture library
- Generate a proposal and bill of materials

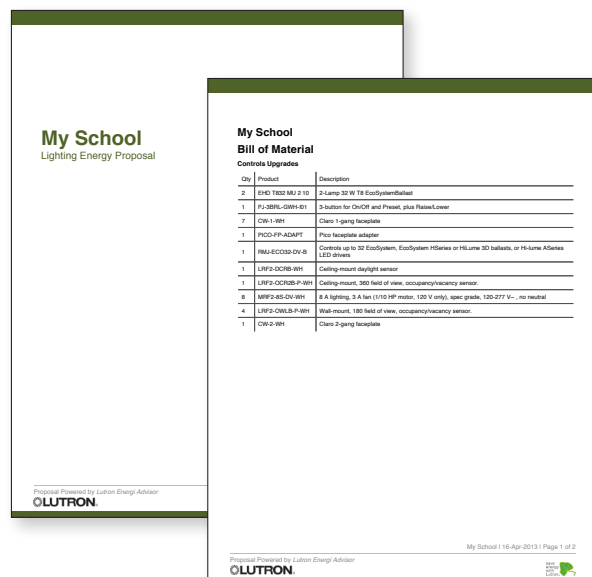

## Energi Advisor app

### The Energi Advisor app provides you with:

- Product bill of materials
- Project ROI
- Suggested control solution
- Find out more at [www.lutron.com/EnergiAdvisor](http://www.lutron.com/EnergiAdvisor)

### Get started with the Energi Advisor app today:

- Download the Energi Advisor app for iPhone/iPad from the Apple app Store
- The first time you launch the Energi Advisor app you will be prompted to enter your myLutron account credentials—easily create a free account if you don't have one already
- Set your preferences and start auditing

## Products in the Energi Advisor app

Wireless retrofit solutions reduce installation time and material cost to deliver more attractive ROI. The Energi Advisor app proposals include Energi TriPak® wireless light controls, as well as Maestro® in-wall occupancy sensors.

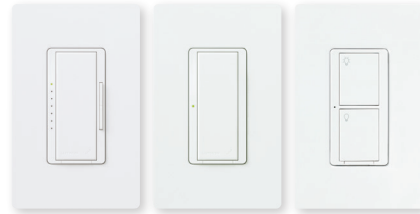

### Energi TriPak wireless products

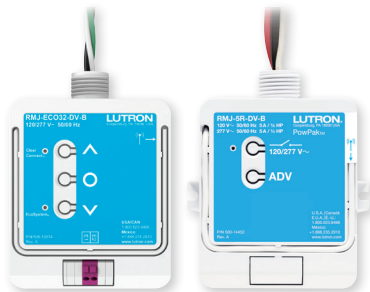

Wireless Sensors

Remote Controls

Dimmers and Switches

Junction Box Mount  
Dimmers and Switches

LED and Fluorescent Stairwell Fixtures

### Maestro in-wall sensors

Maestro® In-wall sensors

#### Ideal applications:

- Classrooms
- Restrooms
- Stairwells
- Conference Rooms
- Private Offices
