

# Lutron smart landscape lighting control solutions

# Suggested smart landscape lighting control solutions

Discover the power of smart landscape lighting control with Lutron. Getting started is easy! Choose from one of three Caséta solutions—you can mix, match, add, and remove devices to create the perfect smart solution for your landscape lighting.

## Welcome Home

### Controls 4 zones of light

#### 1 Dimmer

Ideal for porch lights

#### 3 Switches

Ideal for garage, landscape, and walkway lights to provide a welcoming atmosphere

#### 2 Pico remotes with wall-mounting kit

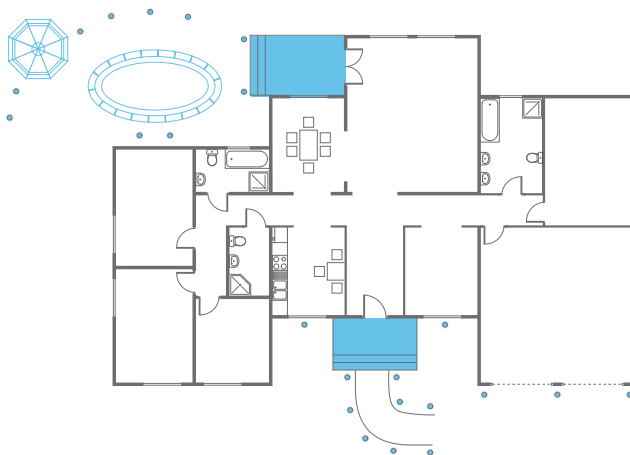

Add another point of lighting control wherever you want — no cutting holes or wiring necessary

#### 1 Smart Bridge

Provides the ability to control lights and schedule timers from the Lutron App

## Backyard Entertaining

### Controls 9 zones of light

#### 3 Dimmers

Add lighting control to outdoor living spaces, such as patios and pergolas, to create a comfortable environment for you and your guests

#### 6 Switches

Add backyard lighting—ideal for pool, landscaping, and walkway lights

#### 2 Pico remotes with wall-mounting kit

Add another point of lighting control wherever you want — no cutting holes or wiring necessary

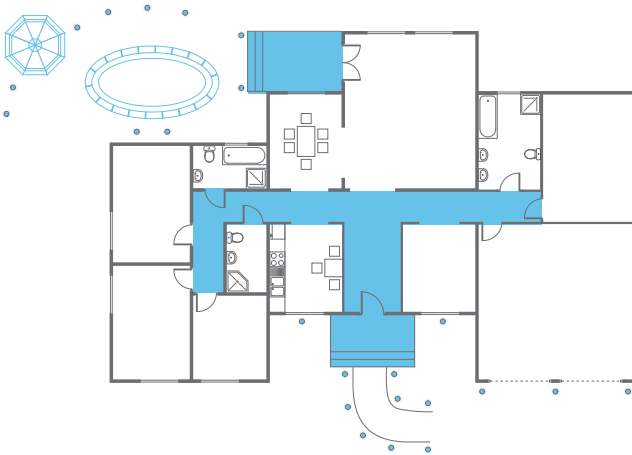

#### 1 Smart Bridge

Provides the ability to control lights and schedule timers from the Lutron App

## Safe Entry

**Controls 11 zones of light, including two 3-way applications**

### 5 Dimmers

Add foyer and hallway lights for safe entrance into the interior of the home

### 6 Switches

Ideal for exterior lights

### 2 Pico remotes with wall-mounting kit

Used for 3-way applications in foyer and hallway

### 2 Pico remotes

Add another point of lighting control wherever you want — no cutting holes or wiring necessary

### 1 Smart Bridge

Provides the ability to control lights and schedule timers from the Lutron App
