

Caséta works with Ring

Peace of mind is knocking. Set lights to turn on when your Ring doorbell or camera detects motion outside.

Caséta Smart Bridge & Dimmer

Lutron App

Ring Camera and Doorbell

Getting started is easy

Step 1

Install your Caséta system, connect it to your Wi-Fi router, and download the Lutron App.

Step 2

Set up your Ring doorbell or camera. In the Lutron App, connect your Ring account by selecting “Works with Ring” in the Add devices section.

Once the account is linked, all your Ring doorbells and cameras will be visible.

Step 3

Choose a Ring device

Decide what actions trigger the lights:

- When doorbell rings
- When camera detects motion

Select the associated lights

Toggle to turn on lights at all times or only at night.

* Note: Your Ring device will trigger the selected Lutron lights to turn on 100% for 15 minutes, then return to the original setting.
