

LUTRON | How to Become a RadioRA 3 Installer

Step 1 Join the Lutron PRO program

Apply for the [Lutron PRO program](#) to gain exclusive access to additional benefits and communications, and to easily find trainings and support materials.

Step 2 Take the Qualification Training

Train online (on-demand): Self-paced training through the [Lighting Control Institute \(LCI\) Online](#). (approx. 4-5 hrs.)

OR

Train in person: Hands-on training that can be booked through [your local Rep.](#) (one day, approx. 8 hrs.)

Step 3 Download Software

Once you pass the training exam, you will receive an access code to download the Designer+ software.

Step 4 Find Resources and Consultation Tools

On the [myLutron Resource page](#), you can access additional RadioRA 3 training, programming software, client presentation materials, and more.

Visit the [RadioRA 3 homeowner page](#) to find homeowner selling tools including a brochure, demo kit, and video content, and take the How to Win Jobs training at [LCI Online](#) to expand your RadioRA 3 opportunities.

Step 5 Purchase RadioRA3 Products from Authorized Distributors

RadioRA 3 is available through select electrical and A/V partners. [Find a distributor today.](#)

Install RadioRA 3 in your own home for a valuable, hands-on product experience:

- RadioRA 3 Processor Kit: RR-PROC3-KIT1
- Sunnata RF Keypad: RRST-W4B-XX
- RF Dimmer with PRO LED+: RRST-PRO-N-XX

For more information on device options visit the [RadioRA 3 System Devices page](#).

If you have additional questions about becoming a RadioRA 3 installer, please [reach out to your local Rep.](#)
