GREAT FOR BATHROOMS

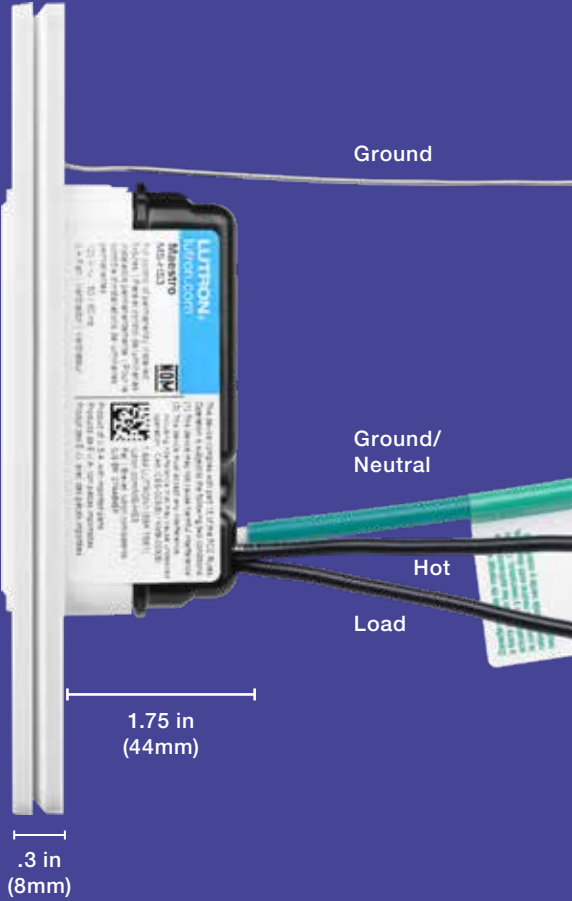

Humidity Sensor Switch

-  XactSense sensor detects precise humidity changes
-  Operates in Shower, Shower+Climate, or Air Cycle modes
-  Customize humidity trigger points at 50%, 60%, 70%, or 80%
-  Choose fan run times: 5, 15, 30 (default), or 45 minutes
-  Ambient light detection prevents nighttime activation

MS-HS3-WH
MS-HS3-WH-C

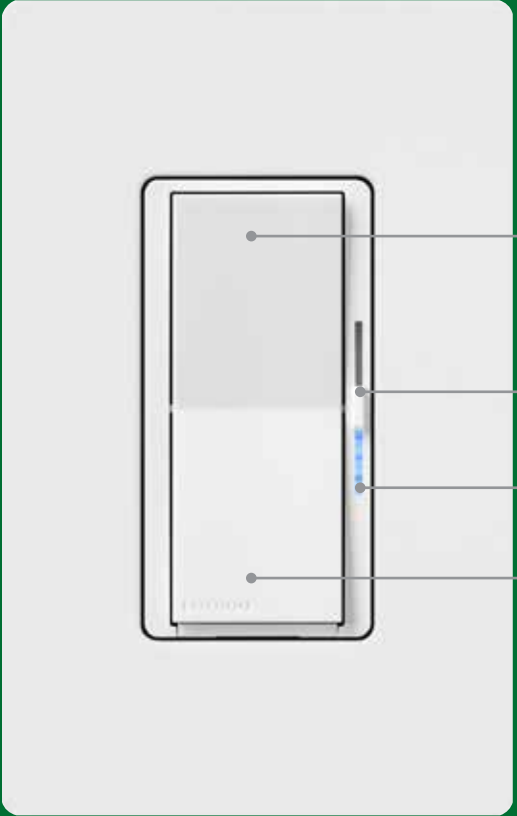

- Tap once to turn on or off
- Device detects humidity, automatically turning your fan on and off
- Works with decorator style wall plates

GREAT FOR HALLWAYS AND BATHROOMS

Diva Dimmer with Night Mode

-  Soft-glow indicator makes dimmer easy to find in low light
-  Slower fade-to-off provides extra time to leave the room
-  Works with existing wiring—no neutral required
-  Gentle rise-to-on reduces nighttime eye strain
-  LED+ technology enables flicker-free dimming of multiple bulb types

Tap once to turn on to slider preset; double tap for full on

Sleek slider for precise dimming & preset

Soft-glow light bar indicates light level

Tap once for fade-to-off. Press and hold for delayed fade-to-off.
