

System Comparison – Caséta Wireless, RadioRA 2, and HomeWorks QS

Caséta Wireless

Characteristics

- Perfect for installing in existing rooms; no new wiring required
- C-L_® technology for controlling dimmable LEDs
- Optional Smart Bridge PRO for remote access with a smart device, as well as security and A/V integration

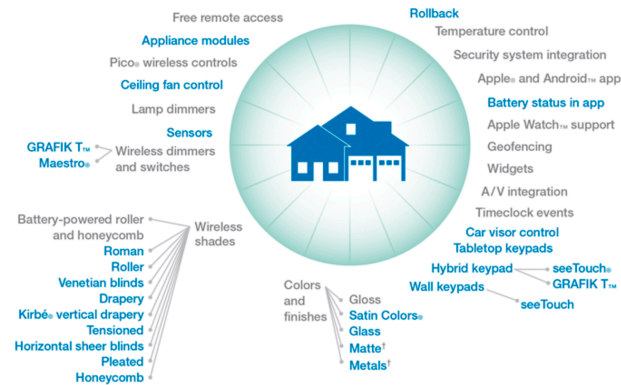

* Shades and lights are controlled independently of one another.

RadioRA 2

Characteristics

- Utilizes backlit, custom engraved keypads
- Controls the full line of Lutron wireless shading styles
- Controls lights, shades, and temperature simultaneously
- Integrates with security and A/V systems

[†] For GRAFIK T dimmer only.

HomeWorks QS

Characteristics

- Offers the most color choices for controls
- Offers the most keypad options, including customized keypads
- Hidden panels eliminate dimmers and switches on the wall
- Offers Vacation mode for added security while you're away from home for an extended time
